

## OCEANSIDE SENIOR ANGLERS

Fish Tales May 2021  
Editor Loretta Casapulla

Hello fellow Members,

As many more of our Members are receiving their second round of Covid-19 vaccinations. Along with our county and state starting to open up, perhaps we will soon be at 100% enjoying our club once again. It's looking like the city of Oceanside will be letting us back in the Senior Center very soon, if everything keeps going forward. Our May Club meeting will still be on Zoom. This will be on Tuesday May 4, 2021 at 9:00 AM. Use the same log in information as last time. You should be able to click the link below. If not, then copy and paste to your browser. If you didn't attend the last meeting, you may want to try logging on now and getting the information set on your computer. Please make sure that your room has light so that we can see you on the screen. You should join the meeting with "Audio" and "Video".

As you should be aware by now, we are voting on whether to accept the proposed bylaw changes for the Oceanside Senior Anglers Foundation. I ask that you please take a minute and vote. It's very easy, either send an e-mail to [jmauritz6@gmail.com](mailto:jmauritz6@gmail.com) or mail in to OSA, PO Box 2502, Oceanside, CA 92051. Either way state your name and Yes or No. If you have a Membership card, you are eligible to vote. You have until Monday May 10, 2021 to get your vote in. If you have any questions, please call and ask.

**Please take note of Manny our Social Directors article. We have an event coming a lot sooner than later!!!!!!**

If you have any comments, suggestions or concerns, please feel free to call or e-mail me. Hope to see you at our zoom meeting May 4<sup>th</sup>. Please be careful & stay safe.

Hello fellow Anglers,

We still have a few more charters before our "Tuna" season starts. We have the May 10th-12<sup>th</sup>; it's a 1.5 day charter scheduled for the Cortes Bank Area. The charter is full, however we can always use an alternate. The cost is \$300, meals are all included. If you or someone you know wants to be an alternate, please contact Charter Master Daryl Evans at 951-551-7885.

June 2.5 day is full; however, again we can always use an alternate or two, you never know. This includes any and all filled charters.

For July we really need some Anglers. The July 15<sup>th</sup> full day has 2 open spots. Cost is \$228 visa is included. Contact Charter Master Jim at 760-450-7060. Then our first 1/2 day charter is July 26<sup>th</sup>. The cost is \$63 and there are 13 open spots. This 1/2 day charter will target Calicos for the day. Please contact Charter Master Deek Takacs at 949-456-1166. Then to finish off the month of July: there is our overniter July 29<sup>th</sup> & 30<sup>th</sup>. The cost for this is \$385 with meals & visa included. Please contact Charter Master Bill Modi at 760-580-3254. Both July's full day & overniter are scheduled for the Coronado Islands; this is why Passports are required. Now if the Tuna and or Yellowtail are within striking distance for both or either charter, then we will go to them and skip the Coronado Islands. Then each Angler will be refunded the fee for the visa. So please, I'm asking for your help in getting these charters filled. Please ask your friends, neighbors and family members. I know with your help we can get these charters filled.

If you ever have a hard time contacting a Charter Master to get on a charter, please feel free to contact me, I will assist you in any way that I can. Remember, you can see how many spots are open per charter on our web-site under "Fish'n News". I try to update the schedule at least twice a month.

If you have any questions, please feel free to call or e-mail me any time. Now let's all go fishing and have a great time!

## **SIDE TRIPS**

Let's talk about side trips. What is a "Side Trip"? Well we have our Club sponsored charters, these are the ones that are on OSA's Charter Schedule. Then we have OSA members that provide other fishing trips. These trips may be to Mexico, Alaska, Louisiana, Washing State, just to name a few places. If you have a side trip that you want to offer OSA Members, you may have three opportunities to announce your trip. It can be at a meeting, in our newsletter, or when the club sends out an e-mail. However, as a club, our first priority is the Club Charters. Your Board has agreed that we must make sure that our charters are filled first. This means that we can't make an announcement unless the OSA's charters that are around your trip are filled. Sorry, it's only fair to the Club. So if you have a side trip that you would like to announce please check our schedule first and make sure that it's clear then notify me with your information and the Club will help you out. Below is a side trip that is being offered to all OSA Members. OSA has no control or responsibility for any side trips.

## May 4th Guest Speaker

I started my fishing career as a deckhand in 2004 at Long Beach sport fishing on the Native Sun. Worked there for a few years and then went back to doing electrical and sign installation for a year or two. Decided it was time to get back to it and went to work for various boats in LA and Long Beach, and in 2010 I meet Mike Bullard on the Pacific Star. Worked my way through good and bad times and in 2015 took the captains course and got my 100 ton license. Worked as captain alongside Mike and eventually moved on and ran the Eldorado, a private yacht, the Freedom as second captain. In 2020 during the Covid pandemic my wife Natasha had our son Marvin Paul Stober, so I decided to give the overnight boats a rest. Now I'm working for the Hanson family at Dana Wharf Sport Fishing, running the 3/4 and 1/2 day boats. I look forward to many more years on the water and really enjoy what I do assisting customers and catching fish of a lifetime.

## Conservation Chairman

### Update:

Once again, we have been successful in keeping our Live Bait fishery (sardines and anchovies) from being cut off for another year at the Pacific Fisheries Management Council. They recognize that their lack of having an accurate stock assessment and the inaccuracies of their models are hindering their decision making process to negatively impact our fishing industry.

CCA CAL and the Marina Del Rey Anglers released 3700 white seabass recently outside the harbor. This is the first of many growout pens that will be releasing fish in the next month.

AB817, the 12-month fishing license made it out of the first committee and on to Appropriations.

SB470 – the combo hunting and fishing license bill, has had to make some amendments which include to remove the discount and postpone implementation until 2024.

We continue to fight to keep our access during all the meetings regarding 30 x 30 at the Federal and State levels. We keep pushing for recognition of the positive role that fishing and hunting play in conservation. We are working to get protective area definitions that allow for well-managed and sustainable wildlife-dependent activities.
