

OCEANSIDE SENIOR ANGLERS
Fish Tales September 2023
Editor Leslie Ruble

Hello fellow Members,

Can you believe that we only have four months left for this year? Where did this year go? I know that we have a lot going on right now for our membership. We still have some great charters lined up. Some real good monthly picnics coming up. We have a parking Lot Sale scheduled and our annual Christmas recognition dinner is right around the corner. Please read this entire newsletter to get all this information.

Our next meeting is on **Tuesday September 5, at 9:00 AM**, at the Oceanside El Corazon Senior Center. The address: is 3302 Senior Center Drive, Oceanside, CA. If you can't make the meeting in person, we are still on Zoom. Click the blue Zoom link below. If this does not work, then you will need to copy and paste to your browser. You may want to try logging on now and getting the information set on your computer. Please make sure that your room has light so that we can see you on the screen. You should join the meeting with "Audio" and "Video".

Meeting ID: 317 247 5791 Passcode: 1vpC6m

At our last board meeting we had to plan on what the dues would be for 2024. Knowing that cost are on the raise continually. I feel that our board did an excellent decision on this matter. For 2024 Associate dues will be increased to \$15, General Membership dues will remain at \$30, mailing of newsletter will increase to \$20, and if you want a directory mailed to you it will be \$5.

Along with this. The board has also voted and passed that we will no longer have any FREE dues. This is regardless of age or being a past president. We understand that some do a lot for the club. There are many members that do a lot, so let's all do our share and pay the \$30 and keep up the work.

Make sure you pay when signing up for events. We need to get back to paying for social events at the time we sign up.

HEAD CHARTER MASTER'S REPORT

Hello fellow Anglers,

After last month's newsletter went out, I was informed that there was some incorrect information. So let's set the statements correct. Rick Lopez, did in fact hook his Bluefin and reel it all the way to the boat on his own. At the very end he told me that his hand had cramp up and got assistance for that last few minutes. This was the tuna that was around the 100lb mark. Due to the assistance he was disqualified from the jack pot. So there was only one handoff. Great job Rick.

Our August 7-8 overnight charter did go out. Very, very hard fishing. Jackpot went to Gil Resendez for his Yellowtail. Thank you first time Charter Master Richard Reed for a job well done. Next we had the August 17th full day charter go out. Again hard fishing. We did manage to land 8 Dorado and 6 Yellowtail. There were some that just fell off the hook, so I was told. The first fish land was a Yellowtail for the day, no name needed to say who. The largest fish was caught by long lime member Georg Ruble with his 17lb Yellowtail. Our August 2.5 day charter was canceled due to Hilary. We do have a full day going out Wednesday for rock cod. Yep that's right, there is a handful of us that wants rock cod. You can read the full Charter Master reports on the web-site.

September 7th is our final 1/2 day charter and we still need 9 more Anglers. Please contact Sandra O'Brien at 760-419-0714

Also we need one more for the October 6th Full day charter. Contact Doug Jenkins at 650-291-8474.

Reminder, Do not send a check directly to the Treasurer, it goes to the Charter Master. Also if you're interested in getting on one of the full charters, sign on as an alternate.

If you have any questions, suggestions, or concerns, especially for the next year, please feel free to call or e-mail me any time. Please do not text.

September's Guest Speaker

Mike Shane

Mr. Shane is the *Director of Fisheries Enhancement at Hubbs Seaworld Research Institute.*

Major Research Areas

Fisheries Biology and Marine Ecology

Education

B.S., Biology, San Diego State University;

- M.S., Ecology, San Diego State University

Professional Activities

Diving Safety Officer for HSWRI

Current Research

- Assessment of a marine finfish stock enhancement program in California
- Environmental assessment of cage farming of marine finfish
- Acoustic tracking of marine fish
- Age and growth of wild and captive white seabass
- Integrated multi-trophic aquaculture (IMTA)
- Ultrasonic Transmitters for Fish—Are They Dinner Bells?

For the past 8 years, Mike has been responsible for monitoring the environmental impacts around marine fish cages associated HSWRI's aquaculture programs in both the US and Mexico. In 2012, Mike was part of an international working group that evaluated environmental impact models as tools to support and promote the sustainable growth of marine fish cage culture in the US. Currently Mike is using acoustic telemetry to observe the movements of cultured marine finfish released in embayments. As a compliment to this work he has investigated surgical implantation techniques and wound healing in fish as well as the acoustic properties of the transmitters used in fish telemetry.

2024 ELECTIONS

Announcements were made at several meetings that nomination were open for Head Charter Master. Some members were asked about assuming the duties of Head Charter Master for the club and no one has stepped up for the position. With this being the case Jim Mauritz has agreed to continue for ONE more year. This will make 13 years as Head Charter Master for Jim. Thank you Jim.

Nominations are now open for the positions of President, Vice-President, Treasurer and Secretary. If you are interested or have someone in mind that's qualified, please ask them first, and then contact Chris Bentley or myself, Kelly Kissinger. Enjoy the rest of the summer and stay safe out there.

Regards to all.
Kelly Kissinger

Foundation Report

Hello all,

I hope you all have been having a great summer as this one is coming to its end. Anglers for Kids had 3 successful trips. Many Scouts went shore and ocean fishing and were introduced to the fun of fly fishing at the Scout Camp on Fiesta Island. Thank you to all the volunteers for their service. Our Anglers for Military program by the time this letter comes out will have completed four Military charters. Looking possibly for the fifth one. A special shout-out to Susan Morse who sponsored one full Military charter this year. Thank you so much Susan.

Please consider being a member of the Oceanside Senior Anglers Foundation, the dues is only \$5, July 1 thru June 30th. Your paid dues gives you the opportunity to help out with our programs: Anglers for Kids, Anglers for Scouts, and Anglers for Military. The \$5 dues will go towards supporting all three programs.

Looks like we will be having an election for a new Anglers for Kids program. Further information will be sent out to Foundation members as the time gets closer. So if you're interested or just want to keep up with what's happening with the Foundation, make sure to be a member of the Foundation.

Please help and support the Foundation and become a member. The Foundation's Board thanks you for your anticipated support.

Hopefully you all will be getting in some fishing soon.

Stay safe out there.

Regards,

Kelly Kissinger

Social Events

Meatloaf Wrap-up Report

21 members made it to our Meat loaf and mashed with all the fixings picnic and were not disappointed. We were also fortunate to have 8 active duty Marines as our guests.

These wonderful young women and men spread out and we're sharing tables with our members for some great conversation and they were very appreciative for a home cooked meal. Thank you to all the members who brought a great variety of desserts and for all your gracious compliments on the meatloaf. I did have a member pay me nice praise for the meatloaf however, they did feel theirs is a bit better and would share their recipe with me. We may need to see a meatloaf throw down next season??

I want to send out a big thank you to the Fallbrook Food Pantry for their generous donation of the ground beef needed to make this happen and we were able to send our Marines back with meatloaf, mashed potatoes, gravy, corn and rolls to share with friends .

I would like to see more members at these picnics. They are a great place to see friends and tell tall tales and enjoy some really delicious food. You are missing out on a fun time.

Event Chairman
Kelly Kissinger

Next Fishing Social:

Friday, September 15th, 8:00-

1200 Surf Fishing at Carlsbad State Beach near the Volleyball Courts.

Please contact Marc Richardson

Fallbrook Food Pantry

It was really heart breaking to see that no one brought any canned items to the August meeting. I did get two checks at the meeting. So we will try again. Please reach into your hearts and give. If you prefer please by all means you may donate cash or checks.

This pantry not only serves Fallbrook, it serves many communities around the Fallbrook area which includes Camp Pendleton. The pantry has been there to help support our club and our program “Anglers for Military”. Fallbrook food pantry is in need of donations right now. As you can see in the photos below, many shelves are empty. I personally have spent many months volunteering at this pantry and have never seen such bare shelves.

So please bring your donations to the ~~August 1st~~ September 5th club meeting. If you prefer, you may also consider a cash donation. Please make your checks payable to “Fallbrook Food Pantry”. You may drop your checks off at our ~~August~~ September meeting. Then we will turn everything in at once from our club. I thank you for your anticipated help & support.

Jim
